AS THE OLD SONG SAYS, “TIMES ARE A-CHANGIN’”

Guests who have been staying with Four Sisters Inns for many years remember when all of our properties were classic bed-and-breakfast inns, featuring Victorian buildings filled with period

antiques. But since our company’s beginnings over 34 years ago, we have slowly grown into four distinct – yet related – collections of inns and hotels. Each collection offers a unique style and feel, but all are united under our unchanging commitment to high quality, old-fashioned service, generous extras...and rates you can appreciate.

If you love the step-back-in-time feeling of staying at a truly historic property, decorated as it might have been when it was first built, then Four Sisters Inns’ **Classic Collection** is for you. These inns are most similar to traditional B & B inns, and rates include a bountiful breakfast, afternoon wine and hors d’oeuvres, freshly baked cookies and evening turndown service. As they have for years, guest rooms in our Classic inns are sure to have a teddy bear on the bed waiting to be adopted! Our Classic Collection includes the Green Gables Inn, Gosby House Inn, Maison Fleurie and Channel Road Inn.

Our **Artisan Collection** is perfect for guests who enjoy the atmosphere and services of a more modern boutique hotel, paired with historic architecture. Hand-crafted furnishings and whimsical art make these properties especially appealing. These inns also provide complimentary breakfast, afternoon wine and hors d’oeuvres and evening turndown service. Our Artisan

Collection includes Blackbird Inn, Healdsburg Inn on the Plaza, Lavender, Seal Cove Inn and West Cliff Inn.

Our **Modern Collection** offers an updated, sophisticated take on the traditional inn. Each features contemporary and purpose-built architecture, joined with a level of service and extras that you’ve come to expect from Four Sisters Inns.

Complimentary breakfast, afternoon wine and hors d’oeuvres, and evening turndown service are provided. Our Modern Collection includes Inn at Harbor Steps, Inn at Sonoma and Blue Lantern Inn.

Guests seeking contemporary style with a fresh, youthful appeal will want to check out Four Sisters Inns’ **Chic Collection**. Each Chic hotel offers innovative design reflecting its location and a continental breakfast every morning. Visit Hotel Casa 425 or Newport Beach Hotel to see what I mean.

Still not sure which one is right for you? Be sure to check out our newly redesigned website at www.foursisters.com, now offering the ability to compare inns side by side. We look forward to welcoming you back, perhaps to try them all!
